## SALES POLICY

No minimum order requirement.

## PAYMENT

**Open credit:** extended after submission and approval of the credit application.

**Credit card:** MasterCard & Visa + 2% fee

## OPEN CREDIT TERMS

After submitting Darco application for credit, and receiving approval from the credit department, open terms are established with our standard NET 30 days.

## PAST DUE INVOICES

Receiving open terms from Darco is a privilege reflecting your historical ability to meet your payment obligations in a timely manner. All our orders are invoiced the day of shipment. They are considered past due on the 31<sup>st</sup> day after shipment.

Credit manager will forward a friendly reminder when an invoice has become delinquent.

Please remember, it is your responsibility to honor your payment commitments to Darco. It is NOT our credit department's responsibility to inform a delinquent customer on a continuing basis as to invoices in arrears.

Frequent incidents of account delinquency will result in suspension of open term status and credit card payments only will be accepted for future orders.

Accounts with invoices 45 days are automatically placed on **CREDIT HOLD**. No shipments will be made until payment of past due invoice(s) is received by Darco.

## RETURNED CHECKS

A 35.00\$ fee will be charged on ALL checks returned to Darco, regardless of reason. This may cause your account to be placed on **PERMANENT** credit card status.

## SHIPPING STOCK ORDERS

Orders received by 2:00PM will ship the same day Monday through Friday. Darco customer service department will notify you as soon as possible in the case of unforeseen circumstances, such mechanical failure, power outages, weather related problems or other emergencies. Orders affected will be shipped within 24 hours except Fridays or before a holiday.

## ORDER PROCEDURES

In order to eliminate ordering error, we recommend e-mailing your orders. These orders are accepted 24 hours a day all year.

Our customer service department accepts telephone orders from 8:30 AM to 4:30 PM Monday through Friday except on holidays.

**Please provide the following information when ordering:**

1. Customer name
2. Company shipping address
3. Purchase order number or name
4. Special instructions, such a RUSH order
5. Customer phone number
6. Description of product
7. Quantity ordering

Your order will be repeated to you by our customer service representative line by line verifying quantity.

Please pay close attention as you will be responsible for any errors once order is entered.

## SHIPPING ERRORS AND DAMAGES

Shipping errors such as shortage or wrong items should be reported immediately to our customer service department.

Any packages received damaged or appear to have damage should be noted with your delivery company for inspection, then reported to Darco customer service.

## ADDRESS ERROR FEE

Dicom and Purolator charge a fee for incorrect addresses, which will be passed on to your account, unless it was an entry error by Darco customer service.

## BACKORDER / SPECIAL ORDERS

Customer will be notified when a back order or special order has been received to afford the opportunity to add to the order or hold for later shipment. Freight is charged on all back order shipments.

\*Full hose reel (100ft.) available upon request

## WH8 + G311 INDUSTRIAL WATER HOSE

- Traditional PVC and true synthetic rubber hose used everywhere by contractors and homeowners.
- It is a rugged hose capable of handling most washdown and water conveying applications.
- Lightweight, two-spiral construction, this hose is the best choice for hot water applications and can also be used for low-pressure agricultural spray applications.

Model	Description	ID	LENGTH	MAX. PSI	Price

320000	1/4 NPT Glycerin Filled	3000	

# Sewer / Foot Valve

## Foot Valve 3000 PSI | SUTTNER

### Features:

- Pedal and valve are in protective housing
- Inlet and outlet are positioned to help keep hose out of the way
- Heavy gauge steel construction for durability and stability
- Can be used in other applications
- Inlet: 3/8" FPT
- Outlet: 1/4" FPT
- Maximum Pressure: 3,000 PSI
- Max. Flow Rate: 8.0 GPM
- Max. Temp.: 320° F.

Model	Description	Size	Price
999000012	Valve foot-operated 3000 PSI	inlet 3/8 x outlet 1/4	

## Industrial foot valve 5000 PSI | GENERAL PUMP

### Features:

- Offers hands-free operation!
- Sturdy, heavy-gauge steel construction
- Powder coated for durability
- Reliable design
- Protected pedal guards against accidental activation
- Inlet: 3/8" FPT
- Outlet: 1/4" FPT
- Maximum Pressure: 5,000 PSI
- Max. Flow Rate: 10.0 GPM
- Max. Temp.: 320° F.

Model	Size	GPM	PSI	Price
DFV5010	3/8 FNPT IN - 1/4 FNPT OUT	10	5000	

# Sewer / Drain Hose

## SEWER CLEANER HOSE

- Smooth polyolefin designed for maximum resistance to hydrolysis.
- High tensile polyester textile yarn.
- -40°C (-40°F) to 87°C (190°F).
- Abrasion, cut, and fungus resistant polyurethane.
- Factory installed male NPT fittings.
- Fungus resistance.
